

Finding a home

This leaflet explains our responsibilities as a housing provider and your responsibilities as a customer.

Finding a home

Gentoo own and manage more than 28,000 properties across Sunderland. We have a range of properties available for social, affordable and market rent.

Our promise:

To enable you to find a good quality, affordable rent home which fulfils your housing requirements based upon need.

We will:

- Provide you with support, advice and guidance to help you find a new home that suits your needs
- Provide you with information specific to your new home

HomeHunt

To search and apply for a social or affordable rent home with us you will need to register with HomeHunt and complete an online application form. This simple process will take approximately 20 minutes.

HomeHunt is a national website that allows you to search and apply for social and affordable housing in your area. Gentoo, along with other landlords, advertise properties using this online system. It is accessible and user friendly.

From January 2020 the advertising cycle will run from 2pm on Wednesday until 12 noon the following Wednesday.

Housing needs

As a charitable community benefit society we need to ensure we prioritise those who have a housing need and disabled or chronically sick people who need rehousing.

How does the banding system work?

Following the assessment of your housing application you will be placed into one of four priority bands depending on your level of need:

- **Band 1+** - This is for applicants living in a Gentoo renewal area
- **Band 1** - This is for applicants who have an immediate need to move and are in statutory or urgent housing need
- **Band 2** - This is for applicants who have a priority housing need

- **Band 3** - This is for general housing needs and is open to all applicants (including out of city applicants)

Once you have completed the online application form you will automatically be placed into Band 3 whilst we assess your application.

What do I do if I am not happy with the band I have been placed in?

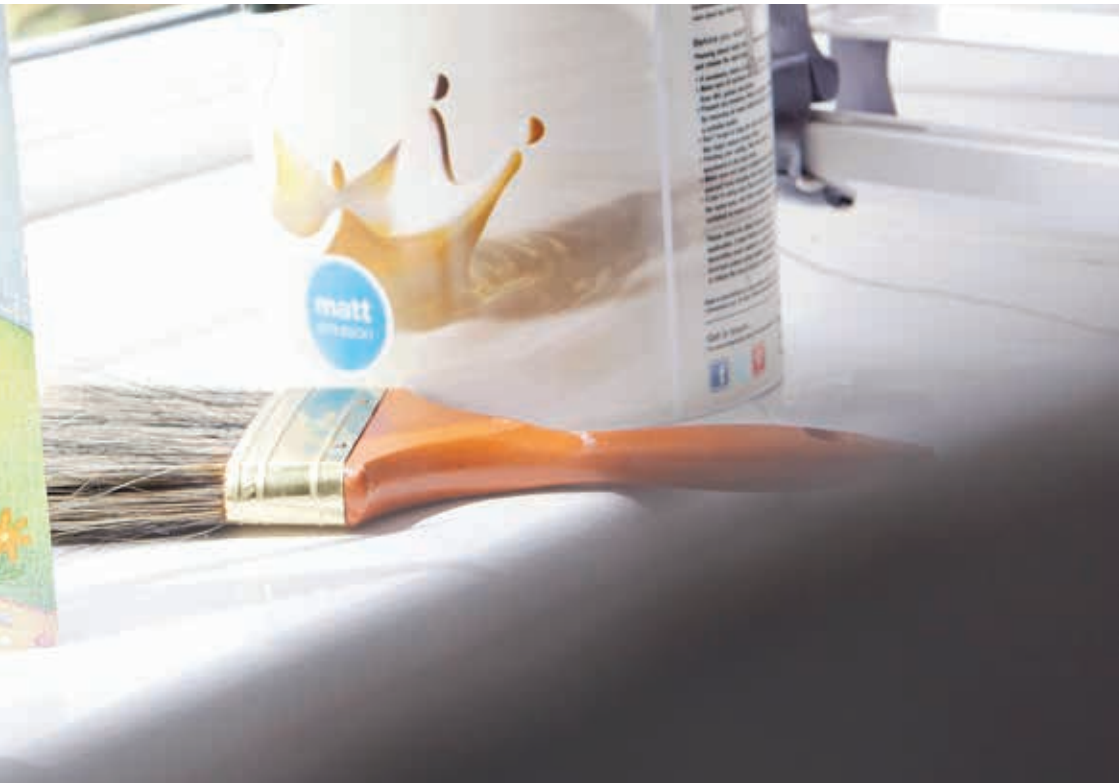

All applications are individually assessed based on the information supplied; this ensures we are fair, flexible and transparent. Every applicant has the right to request a review of their banding decision if they disagree.

Will you check that needs are genuine and gather evidence?

There are circumstances where we will ask for evidence to place you in the correct band. For example, before accepting a medical priority we will require a specialist medical assessment to be carried out.

How many bids can I make?

You can make a maximum of five bids per week.

How do I register?

To register with HomeHunt visit www.gentoogroup.com.

Before you start a new application make sure you have the following to hand:

- Your National Insurance number
- Your address history (for the last five years)
- Income and employment details
- Information on any medical conditions or disabilities

What support is available?

- If you don't have a computer or access to the internet support is available in our local offices
- If you have any banding or landlord specific questions please call your local office or email contactus@gentoogroup.com
- If you are unable to complete an online application we can offer one-to-one support
