If you are looking for a home for the first time or wishing to move home, then this leaflet provides information on the number and turnover of properties within Gentoo areas.

It is your decision where you would like to live, but areas with a high number of the property types you require or a high number of relets will give you the best opportunity to find a home.

The majority of our lettings are made via HomeHunt. This is a national website for affordable and social housing. As a charitable community benefit society, we need to ensure we prioritise those customers who have a housing need. We place customers into different groups (bands) depending on their level of need/ individual circumstances and then allocate our homes accordingly.

These tables give you the total number of relets, not just those advertised via our online allocations system (HomeHunt) but properties that need, on occasion to be allocated outside of the system due to exceptional circumstances. This will be to address an unforeseen need or situations that cannot be resolved reasonably within our banding criteria. For example, a fire, flood or a major incident.

For further information about finding a home contact your local office on 0191 525 5001/ 0191 525 5002 or visit www.gentoo.com
