

Electrical

Job Title: Electrical Apprentice

Job Purpose:

To develop the skills and knowledge to assist in the delivery of an effective and efficient Electrical service to our customers.

Key Responsibilities

- To complete the Apprenticeship Training Programme (maximum of 4 years)
- To complete a full range of electrical related tasks associated with the repair, maintenance and refurbishment of our properties (under supervision)
- To attend training and college as and when required
- To ensure risk assessments and method statements are accurately followed
- To comply with the Group's customer service standards and Code of Conduct
- To offer an excellent service to our customers
- Develop excellent working relationships with colleagues and positively engage in team meetings
- Complete minor elements of multi-skilling associated with electrical work e.g. small filling/patching to décor
- Through training carry out all works in an efficient and timely manner
- Ensure work is carried out in a safe and proper manner
- Liaise with managers, customers and tradespersons as required

The list is typical of the level of duties the post holder is expected to perform or be responsible for. It is not necessarily exhaustive and other duties of a similar type and level may be expected from time to time.

Training

- The successful candidate will be expected to complete a L3 Advanced Apprenticeship in Electrical Installation
